*Prudent Rebels: Bermudians
& the First Age of Revolution*,
by renowned Bermudian historian
Dr. Clarence V. H. Maxwell

*A joint publication of the National Museum of
Bermuda Press and the Department of
Community & Cultural Affairs,
Government of Bermuda*

This groundbreaking publication explores the role and response of Bermudians during the Age of Revolution (1774–1849), a period which introduced ideas of liberty and equality for all, and which transformed the face of politics throughout the Atlantic World, influencing the founding of the United States of America, the Haitian Revolution and the abolition of slavery in Bermuda.

With contributions by Bermudian Dr. Theodore Francis and Alexandra Mairs-Kessler, Maxwell contextualises previously ignored narratives, examining the ways in which different groups of Bermudian mariners and merchants (enslaved and freed, black and white) used the events taking place to further their own prospects, whether purchasing one's freedom or increasing their social status through financial gain and land ownership.
